Frontline Arts, formerly known as the Printmaking Center of New Jersey, is a 501c3 non-profit arts organization serving the entire state of New Jersey and larger Eastern United States through our in-house and mobile programming. Our home base is located in the center of New Jersey, in a three-story fully equipped print and papermaking studio with administrative offices and a renovated gallery.

Incorporated in 1974, Frontline Arts offers groundbreaking mobile print and papermaking programs and events, alongside professional classes, studio services, and communal studio space with shared equipment.

We work on the frontlines of artmaking to serve thousands of artists, Veterans, youth, various communities and the general public each year.

We connect and build communities through socially engaging arts practices rooted in papermaking and printmaking.

Highlights this year:

We are focused on **connecting Veterans and Non-Veterans** as we have almost half of our board and one-third of our staff comprised of Veterans

We have re-structured our **Veteran-led mobile workshops** to also **serve young audiences**, putting our youth programs more inline with our mission

We created a **more accessible studio** with an **automatic push-pad front door**, thanks to a grant from the **New Jersey Cultural Trust**

Frontline Paper had **new programs** at Bellarmine University, KY and Stockton University, NJ, adding Touchstone Center for Craft in August 2020

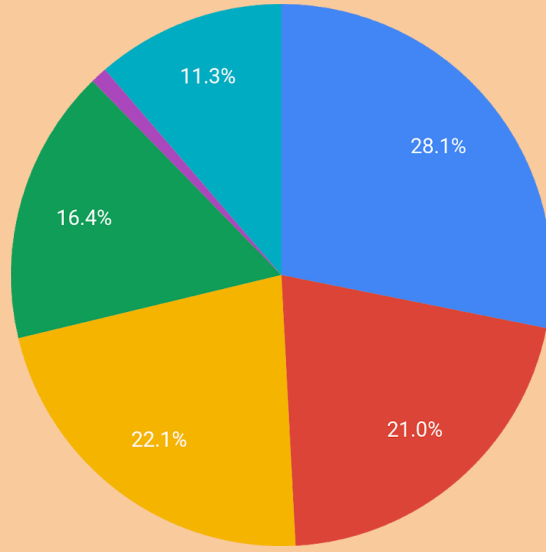

Our total earned **Program Revenue grew by 49 percent!**
