

# FRONTLINE PAPER

DECONSTRUCT | RECLAIM | COMMUNICATE

*Frontline Paper*, formerly known as *Combat Paper NJ*, is a unique mobile art project offering artistic tools and professional instruction for veterans. The workshops provide a space to use art and writing to explore experiences, with the ultimate goal of sharing them publicly, all through the transformative process of making handmade paper from military uniforms.

Whether on college campuses, in community centers, at pop-up street-corner workshops, art festivals, corporations, VA and military hospitals, or casual drop-in sessions at the Frontline Arts Studio, *Frontline Paper* builds and connects communities through the art of papermaking and printmaking with veterans of all service eras.

Please consider a Corporate Sponsorship level today to ensure the longevity of our unique mobile program, supporting veterans of all demographics, branches and service eras in experiencing a transformational process as a means to share their stories with each other and with the world.
